Critique

PD 2.

1st. Bailey, Akna Maugrim. Developing well and shows promise. Presents a clean outline. Obliquely set dark eye. Enough neck for carriage into well placed shoulder supported by parallel limbs and reasonable feet. Level back and defined hindquarters. Could carry more substance which should come once he matures. Displays brisk action.

2nd. Cronin, Akna Warhorse. I appreciated this lads shape but he was rather unsettled and needs more socialising. His frame is fairly honest in construction, patience and time should pay off.

PGD 1.

Croft & Bickerdike, Akna Ross At Koroyza. Quality lad of correct type. Clean well laid out head with decent attributes. Developed forehand with depth to brisket, some shape to ribcage and modest tuck up. Level topline with tailset to suit. Definition to hindquarters and a free brisk mover. Not in full coat but what he has conveys correct hard texture.

RBD

OD. 1.

Bailey, Can Gr Ch Articice Qimmiq G-Amorak Avec Akna. Upstanding b/w lad of excellent breed type. Strong well proportioned head with width between well placed ears. Thick neck into broad forehand, well placed shoulders, strong straight bone into large thick feet. Deep brisket with some tuck up. Level back with good set on and carriage. Well shaped muscular hindquarters. Moved briskly with purpose and held topline well. A convincing BD and BOB.

SBD 1. Akna Warhorse.

PB 2.

1st. Cree, Karkopekleri Jax. Can appear a tad too square in outline at times. She is feminine and her head is proportioned, developing well and carried on thick neck, width to well laid shoulders with hindquarters to compliment. Typical action and sound.

2nd. Atkins, Qimugta Harpist. Presented the correct shape and her frame is quite honest in construction but her underline was rather cut up and she requires more substance.

JB. 1.

Byrne, Harpan Charlotte Bay. I considered this lady typical, balanced and very sound. Decent headpiece. Strong straight bone but not the best of feet. Deep brisket with some shape to underline, moderately sprung ribcage, level back with tailset to suit. I felt she could benefit from a little more substance. Moved soundly and typical. Correct coat and texture.

PGB 1.

Croft & Bickerdike, Akna Nymph At Koroyza. Profile to suit with reasonable head, dark well placed eye, little steep in shoulder, good bone and feet, topline and tail to suit, decent hindquarters, rather naked.

OB 1

1st Atkins, Akna Peechee, Impressive lady with strength and substance yet retaining gender. Clean in head with correct ear and placement. Muscular well placed shoulders with breadth. Strong bone. Reasonable feet. Moderate Spring of rib with topline and tail to suit. Good turn of stifle and a sound typical mover. BB.

VB. 1.

Bailey, Shepherdsway Eskimo Angel At Akna. Nicely matured 10 year old with strength to balanced head, moderate stop and well appointed ears and clean cheeks. Just enough lay back to shoulder, deep brisket with gentle tuck up and level topline. Hocks just strong enough. RBB, BV.

SBB 1. O Karkopekleri Jax. BSB Stuart Mallard - Judge
